About Us

The World Safety Organization (WSO) was founded in 1975 as a result of an international conference, organized by the Safety Organization of the Philippines Inc. (SOPI), in Manila, Philippines. There were over 1,000 delegates from over 20 countries represented at that conference (Thailand, USA, Japan, Australia, China, Iran, Singapore, Spain, Nigeria, Sweden, Iraq, Turkey, Yugoslavia, Papua New Guinea, Philippines, Hong Kong, and others). On that occasion the conference delegates agreed on the need for an international exchange of information, programs, new research methods, and data, in the areas of safety, environment, and all associated fields.

One of the latest WSO programs is directed toward professionals seeking the WSO certifications, and toward the new generations of the professionals and practitioners of safety and accident prevention: the students of the safety and environmental programs of various universities in the U.S.A and other countries.

WSO certifications accredited by **International Certification Accreditation Council (ICAC)**

World Safety Organization National Office for India established since 2016, Our operational principles are fully aligned with the World Safety Organization Management Center in USA. WSO Management Center has dedicated Representatives in the United Nations in New York, Geneva and Vienna. We are operating this office under the rules, regulation and bylaws of the WSO Management Center in the US.

What are the World Safety Organization - India (State) level OHS&E Awards?

Rewarding companies and people around the National for their occupational health, safety and environment performance

Accidents at work and work-related ill health not only cause major disruptions to business processes but the effect on quality of life to the individual cannot be understated. That's why good safety performance deserves to be recognised and rewarded.

The World Safety Organization - India (State) level OHS&E Awards recognise organisations that have demonstrated commitment to occupational health, safety and environment, regardless of their size or the sector they operate within.

Why should you apply for a WSO INDIA (State) Level OHS&E Awards?
